Individual / Group Sessions

If you have a valid **Mental Health Care Plan** you will be eligible for a rebate. Please note you will be charged the full fee at your appointment and we can process your **Medicare rebate**.

Once your rebate is paid the out-of-pocket cost is approximately **\$25 per visit** for individual sessions and approximately **\$10 per visit** for group sessions.

If you are **25 years of age or under** or hold a **Concession Card** or **Health Care Card**, you will be bulk-billed. This means there will be no out-of-pocket cost for your visit.
